New course number.

## Nursing Policies

### Continuation and Progression Policies

9. Students must successfully complete all NCLEX review components as outlined in the NURS 439 Syllabus. NURS 439 Nursing Capstone requires a probability score of at least 96% on the comprehensive NCLEX predictor exam for Affidavit of Graduation submission to the Board of Nursing. Students with a probability score between 90 - 95% are required to complete 100% of their Virtual ATI program before Affidavit of Graduation is submitted to the Board of Nursing. Students who score below 90% on their predictor exam will be required to achieve green light on their Virtual ATI before Affidavit of Graduation is submitted to the Board of Nursing.
